TRACK YOUR PATIENTS POSSESSIONS

From ambulance to hospital, ward to ward, patients are constantly on the move – as are their possessions.

To help safe-guard their belongings and offer all round peace of mind, we at TSG Associates have developed a simple, cost effective solution.

Introducing the new **SMARTSAFE** Property Bags, specially designed for the medical profession. They're clear, secure, durable and easy to use. They also come in two different sizes and will hold the patients valuables such as wallets, watches, jewellery, glasses, teeth as well as clothes and shoes.

What's more, each **SMARTSAFE** Property Bag comes with a unique bar code tracking system, ensuring your patients belongings are returned to them safely after treatment. It's not much but we believe it makes the healing process less painful.

To find out more or try a free sample please call the number on the back page.

"THERE ARE TIMES WE NEED TO SECURE A PATIENTS PERSONAL BELONGINGS... WHEN YOU REACH FOR **SMARTSAFE** PROPERTY BAG YOUR SOLUTION IS IN HAND."

MIKE SMITH - EMS MAGAZINE

WHY SMARTSAFE?

- **Secured Possessions** - A robust tamper proof material and security seal means patients possessions remain safely together.
- **Simple Tracking** - Unique barcoded wristband ensures patient and belongings are easily reunited.
- **Multiple Management** - Multiple belongings can easily be managed in one package.
- **Improved Handover** - The handover of belongings from ambulance to hospital staff is simple without fuss.
- **Reducing Anxiety** - Patients are anxious enough, knowing their possessions are safe and secure takes this worry away.
- **Time Saving** - Looking for patients possessions is dramatically reduced.
- **Easy Recording** - Each SMART Safe Bag comes with five peel off barcoded labels, to record it on all patients documents.
- **Money Saving** - Claims for compensation on missing possessions will be minimised.
